I want to make performance like the famous performance of Marina Abromovich.

I will be nude in front of public, anybody can look, take pictures and even touch any part of my body. I will obey also your orders.

I would like to do this at some public place like a museum, club, park, square but can perform also for some group at home, office, club, private party as well.

I am male, 50 years old, have experience as a nude male model, open minded and ready to consider your ideas.

Anybody.
