

24hour Roadside Assistance Towing and Light mechanic work (Mebane)

Location **North Carolina**
<https://www.genclassifieds.com/x-564704-z>

I work from home where I have a small shop and would like to offer up a cheaper way to have your vehicle towed, tire changed, or lockout service. I have a 18ft dovetail car trailer with brakes and a winch and 4x4 Tahoe. I know how stressful and expensive towing companies can be so I'm here to try and save you some cash!

Service calls will be \$35 which includes tire changes, unlocking vehicle, and jump starts.

Towing will be \$35 plus \$2.00 per mile. If I get to you and I am able to safely get your vehicle running again it's just \$25.

Most towing companies charge \$50 + \$4.00 a mile so I am trying to cut that in half for you!

I can also do light mechanic work at my home, I do not have a lift so I am slightly limited on what I can do. Belts, hoses, battery installs, thermostat, radiator replacement, tune ups, air filters, pretty much anything but replace engines. Also \$30 an hour labor is what I charge so if I finish your new radiator in an hour then you just saved \$60 over big mechanic shops labor rate.

I have been through training not just some backyard mechanic lol

I am located downtown Mebane NC but I plan to cover all of Alamance and Orange county.

Please call or text 24 hours a day!
