I am offering transportation services to help you get to the Doctor, drug-store, or run errands to the grocery store. I am willing to stay with you at the appointments, or will even run the errands for you. I also do RDU/Airport pick-ups and drop-offs. I only work on scheduled appointments and you must schedule at least one day in advance. I charge set rates for certain services and always give a tax deductible receipt. I have safe, dependable transportation, a clean driving record, am fully insured, and am drug and alcohol free. If you could use a hand, please call me at I do not travel farther than the local areas(except for airport runs) because the cost of gas is so much. I can offer you an hourly or mileage rate depending on the event. Designated Driver is one of my services. NO TEXTS OR BLOCKED/PRIVATE CALLS.

Thanks, Deborah
