Home custom built in 2003. Mustang public schools. Open concept living room, with view of dining, formal dining and kitchen. Office with hardwood floor. Large master suite with the other 3 bedrooms enlarged to make big rooms. Space for gardening and building a shop in the back. Large underground storm shelter. Three car extended garage. Treed, 1.4 acre lot with koi pond. Unfinished upstairs bonus room (~800sqft) area. Covered back patio.

Selling our home to downsize, then by land and build again closer to where I work. The house has served as a wonderful home to watch our children grow.
