For sale is this fine 2000 Audi Quattro (AWD) sedan with 198k miles on it. It is fully up to date on all service.

The car is extremely clean, inside and out, though hard to tell from the photos. The undercarriage is clean and rust free.

- Brand new tires (over \$1k)
- All fluids recently serviced.
- Brakes are in good shape
- Title is clean / tags are good

The car was recently gone over from top to bottom and completely serviced. There are no issues or anything that needs servicing or repair. The car is a real pleasure to drive. It comes with the original paperwork, including the dealer sticker. The original owner paid over \$50k for this fine piece of German motoring. The 4.2 W8 motor makes 300HP.

It doesn't need anything except a new owner.

If you have any questions or would like to see the car, feel free to email. Otherwise you can call Tom at Five Oh Three 740-8124. He (and the Audi) are located near 39th and SE Holgate Blvd. He can give you a complete report the car.

Calls are great. You can email me for additional questions if you'd like. Please no texts though. Price is a little bit negotiable but there's no urgency to sell so please no joyrides follow by a lowball offer.

Ide no longer using this phone and friend recommended me a mechanical phone who bought me it from one of his friend time ago. For which I will be grateful to him. I need some more services so I called him. I would like to do that because I have very strong faith in him so I so can't be late. I am very lucky to understand him. The phone service is very good. I am very happy. I am very nice. I have been turning to him for help. I am very good and is the best in town. I am very familiar to him.
