Selling an iguana cage and supplies.

Cage is made from wood carpeted on the inside to keep warmth and has a glass front. 6ft tall, 3ft wide, 2 ft deep.

This cage can easily be turned into a bird or snake habitat!!

With it comes:

two basking light bulbs with lamps.

one uv bulb with lamp.

Zoo Med timer.

food and water dish.

Climbing log.

reptisafe water conditioner.

2 Zoo Med hand sanitizers.

2 calcium supplements (one spray and one powder).

liquid vitamin.

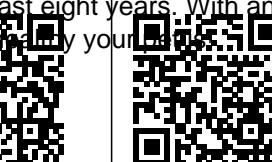

reptile veggie mix (1.5).

adult iguana food (.5).

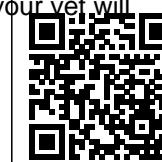

full bag of critical care food.

temperature and humidity gage.

My iguana lived happily in this cage for the past eight years. With an added humidifier in it your vet will be impressed with how healthy your iguana is.
