So I have been with my girlfriend for 9 years in September and she loves to go salsa dancing, and is always trying to get me to go dancing with her. Unfortunately I'm white I have two left feet and no rhythm. I want to surprise her on our anniversary by taking her dancing I think it would be an amazing gift for her to finally be able to dance with me. I have no idea how to dance so this may be a challenge for you but I'm willing to give it my best for the most amazing woman I have ever met. Just in case your wondering I am a 31 year man with a child. Please for now just emails so that she doesn't find out about this I want it to be a complete surprise. Send me your info and price and I will get back to you.
