Hello, im looking for a small young dog/puppy, has to be good with children. I've been suffering from PTSD that i acquired at a young age, Free or cheap it doesnt have to be full blood or anything. i'm looking for something like a corgi, yorkie, ect. again it doesnt have to be full blood, we are not allowed to have dogs like pits, rottts, german sheapards, dobermans, chows ect. I'd like to have a small dog thats already house trained but it isnt required, for me and the kids, if you have one that you would like to find a new loving home let me know! i can give it the love and attention it deserves, thank you for your time.

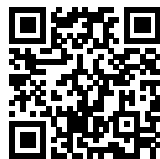

you can contact me by email or by.
