

Learn the Basics of Finance (Phila)

Location **Pennsylvania**
<https://www.genclassifieds.com/x-565024-z>

Learn financial basics. My background covers small business ventures, real estate and capital markets. I've assisted with real estate ventures, business start ups, partnerships, creative funding and small scale stock investments.

The first couple of consultations or lessons are free. If you decide to use my services It's usually based on commission reflecting the amount of profit you may make from any ventures that I've procured and may oversee. If you are in need of basic tutoring, after a couple of lessons if you want to continue a \$30 fee is all I require.

I am in the business of turning the tables on poverty. How can I assist?

If you want to contact me I can be reached at;

Looking forward,

C.X.
