

looking for photographer (Seattle)

Location **Washington**
<https://www.genclassifieds.com/x-565183-z>

I represent a female model who will be in the Seattle area from July 16-18th. We are looking for a photographer to do a shoot to help her gain experience from photographers outside of the Alaska area. We live in Juneau, AK. Digital copies must be available for her for promotional and portfolio work at the end of the shoot. No nudes, lingerie, or erotic work. I am an established professional photographer and will be observing during the shoot. I won't get in the way. More making sure she is safe. Please send examples of portfolio work. She is great to work with. College students working on photo projects would be good.
