I have for sale or possibly trade a 1999 dodge Dakota with the 5.9 litre (360) engine with all power everything and it all still works as it should except the transmission it only shifts when it wants to and the A/C which doesn't have a belt on it but you can drive it around in my yard or maybe down the dirt road by my house and see what it does!!! The motor runs so smooth except for the exhaust being loud but you can't hear a knock or rattle in it, the seats and dash are all in good shape with no rips or tears or cracks in dash !!! If interested in it my info is in the reply box and I'm asking 1,500.00 cash, AND IT DOES HAVE A SALVAGE TITLE BUT EVERYTHING ON TRUCK LOOKS STRAIGHT !!! IF NO ANSWER JUST LEAVE ME A MESSAGE WITH YOUR NAME AND NUMBER AND I'LL GET BACK TO YOU ASAP !! Couldn't get anymore pictures off my phone but if you need any maybe I can send them to your!!!!!!
