In the entertainment world and would like someone with a good look to be my assistant when I have these gigs, next to me to take down dates and details so I can just focus on doing what I need to do. Lots of perks and no experience required. Just be good at taking and writing down instructions.

If serious about learning new stuff in the entertainment industry but don't know how to do it in South Carolina, then this is perfect for you.  
 Any age plus travel opportunities.

Be willing to travel! Los Angeles is my normal location.

This is for someone who is a go getter! You can learn a lot and make connections with people on top of their game right now.

Send face and a few full body pictures plus contact.
