Nothing serious, not a rockstar. Just looking to find a group or even just a guitarist to play with once in awhile and maybe more if things go well. Im 36, have a kit but wouldnt mind using one thats available. I do not have a place to play. So if you do not either, it prolly wont work. Style is varied everything from the beatles to metallica, punk to hardcore, covers and originals. Have played shows with bands from here to Maine and down thru.
