

Looking for Places to Metal Detect in North Scituate, RI. (RI)

Long time North Scituate resident looking for older places to metal detect in town. Prefer open fields and wooded areas with old stone foundations. My main interest is colonial relics. Buttons, coins and shoe buckles, for example. But any pre-1940 property that hasn't been detected before would interest me.

I would like to keep any relics I find, but would gladly trade you something in return for permission to detect your property. Let me know what you collect or what you need and maybe I have it! I have some tools, vintage glassware and plates, plus many other items to trade.!
