Missing: light orange tabby, last seen around 10:00am on July 5 wearing a collar, neutered male, not micro-chipped, the collar has no tags, just a bell. He is extremely skiddish. Only identifying markings are two scars on his tongue: on each side of his tongue there is a healed tear, it looks like a rip or flap of tongue. These are not very prominent but if you are looking for it you will see them. weighs approximately 9 lbs. His name is.
