Beautiful solid wood formal dining table with six (6) leather chairs plus two (2) leaves. \$1250.

The deep colors and styling of the wood and leather are old-world European, yet the overall look of the set feels more new-American. It has rarely been used, which means it's in amazing condition. The leather, riveted chairs are all in virtually perfect like-new condition (they are actually very comfortable, too!). The table is also in excellent condition - there are a couple scratches on the surface (pointed out in two of the pictures).

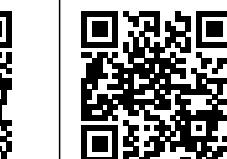

Dimensions:

80" long (98" or 116" if one or both of the leaf extensions are used)
 44" wide
 30" high
 2 X 18" leaves

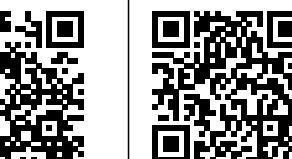

This table is pretty big and due to the quality wood and construction, it is heavy as well. It doesn't break down into small pieces, so be prepared to bring your own truck and labor when you pick it.
