

2013 haro z (20 USD)

This bike has barely been used and has a working gear and the tires are new. I will not take bids lower than \$135. The tires have a nice grip, they make it go fast on smooth cement, rough cement, grass, and even rough dirt. The gear has never been popped off and the whole bike is light but still heavy duty. I have never slipped on it once.

Probably for ages 9
