I'm selling a 2003 Honda Civic Coupe with low mileage of 82,000. I bought this car 4 years ago as the third owner. I need to sell it because of relocation.

The title is clean, but the color of the head is a little different. It was like this when I bought it. I've never had any problems or accidents during the past 4 years. Feel free to check Car Fax reports for the history.

I'm asking \$4,800 for this car. If you are interested, the price can be negotiated a little bit. Please reply to this email, call or text at First come, first serve. Thanks.
