I need help digging and trenching for future electrical installations for one of the top wireless carriers in the U.S. . The pay is 10\$-12\$ dollars per hour based on attitude, work ethic, and ability. Right now the work is just dig, dig, dig so it will be hard, dirty, and hot! There is room to grow afterwards once the installations begin for the right people. Lunch and water will be provided daily. If this sounds like it may be right for you contact me by email, phone, or
