

# Jayco Whitehawk 28BHKS Travel Trailer (Bunk House)

Location **Washington**  
<https://www.genclassifieds.com/x-565726-z>

We just got in the new floor plan to the Jayco Whitehawk that's 28ft long that's very light weight! With a two door entry one into the bath. This unit has the outside kitchen! All this is missing is an owner to enjoy it!

What is special about the Whitehawk's are that they are built with an aluminum framing that sits on a Norco Nexgen Huckbolt Steel Frame! It is the strongest light weight frame made! Whitehawks are known for their famous frameless windows, their enclosed underbelly, and their wide axle spread! What that does is, makes the trailer sit smoother and it tows a lot easier! You will be saving gas mileage and be less stressed going down the road knowing your trailer is going to sway back and forth. Whitehawks have Jayco's one piece Magnum Truss roof system that is plywood decked, and has an Alpha Ply Outer Membrane that's fully walkable with a weight capacity of 4,500lbs! All the seams are tucked down on the side! That's not all, you're also getting Jayco's famous 2 years warranty that covers EVERYTHING BUMPER to BUMPER! Jayco is the only manufacturer that has the 2 year warranty.

Also what we do that most other dealerships do not do is a PDI (pre delivery inspection) that's included in the price!!

We include

- Full detail in and out.
- Fill Propane tanks.
- Brand new battery and box install.
- Unit prep/systems check.

-Walk through with technician  
 -50% deposit or \$1000 down (debt).

Call or Text Randy
