

Carpenter amp General on Hands Work (Ashland)

Location **Virginia** https://www.genclassifieds.com/x-565733-z

Make up to \$1100 a week. Don't have to drive around town for the work either?

I work all hours of the day. Sometimes 7 days a week. I build sheds. I have a yard to maintain too. The sheds have custom options. Just a good head on your shoulders to do it my way. No reinventing the wheel here!

This is NOT a 5 day, Monday-Friday, off at 3,4, or 5 job. I may not want you to come in till 8, noon or later even if I can't be available to build myself. My work is a little different! Good news though, if you love work then this work is for you.

If you don't have skills don't wast my time calling. You do as I ask, the way I want it done, turn out the work needed- \$1100 is no problem. If you have to carry a phone on you, leave early, can't roll out of bed in the morning, have limitations -Why call?

If you can't put in 10 hours a day and then show up the next day early and put in a 12 hour day then don't call me for this work!

Only way for consideration for this opportunity is:

E_mail me with a brief description of what work you have done, when your available, and feel free to comment on anything stated above. Then your number and best time for me to call you if I want to talk further.

Thank You!
