Oh and they are one of the most beautiful, head turning breeds while doing All the above! These pups are highly intelligent, easy to train, and hard to find in the Colorado/Wyoming area. Local Organic Family Farm raised around poultry and small livestock, young children, cats, and other dogs.

These puppies ARE NOT border collies, Aussies, shelties, heelers, etc.  
They are rare, purebred, AKC registered Rough Collies, JUST LIKE LASSIE!

Please email me with some more info about yourself and the family and home you would be willing to provide one of our awesome Collie puppies, and I will be happy to provide you with anymore info you may need about the puppies, or to set up a time to come out to the farm to meet them and their parents. Sorry, but I get way too many spam emails.
