Looking for volunteers to fill out a questionnaire about life. Some questions are philosophical and some are not. I am looking for people from all walks of life and from all regions of the United States. This is part of a curiosity/research project on diversity. Please respond if you would like to help me out and I will email you the questions. No personal information is gathered other than your first name, age, and location. (Any of which you could choose to leave blank) Thank!
