These dogs are the newest additions to Happy Landings Animal Rescue. They were just saved from being euthanized for lack of space at a high kill shelter.

We will know more about these dogs when they are more thoroughly evaluated but so far they all seem to be friendly. The first one, Linus, is a male shepherd mix (27 pounds) who is estimated to be 1 year old. The second one, Vegas, is a male pitbull mix (40 pounds) who is estimated to be 8 month old. The third one, Rick Grimes, is a male pitbull mix (47 pounds) who is estimated to be 1-2 years old. The fourth one, Blossom, is a female hound mix (20 pounds) who is about 5 months old. She is extremely thin but so far we believe she has just been underfed and does not have a medical problem.

They are looking for homes now. All of them will be spayed/neutered, fully vaccinated, dewormed, microchipped, and tested for Heartworm prior to adoption.

Adoption application, contract, home check, and adoption fee applies. Breed bans will be respected. Reply to this add for more information or you can contact the rescue through our Facebook page or at happylandingsrescue.org. Thank you for considering a rescue.
