The doctrines and the prophecies of the Jehovah's Witness organization have been proved wrong and contradicted the holy bible so many times, you would have to be totally ignorant of the bible to believe what they teach. In order to deceive the masses, they created their own translation of the bible (The New World Translation NWT) to justify the lies they teach about essential basic Christian doctrines. Anyone with half a brain can quickly discover their many false prophecies and errors of the Word of God simply by doing a little research on their teachings and beginning. Here are a couple links to get you started. There are numerous others. Don't fall for their deceptions.
