ONE example how the cult of Jehovah's Witnesses changed the bible to fit their theology that denies the deity of Jesus Christ. There are many more.

Jehovah's Witnesses bible - The New World Translation (NWT)

"In the beginning the Word was, and the Word was with God, and the Word was a god." (JOHN 1:1)

Now, let's look at the same verse in the KJV.

"In the beginning was the Word, and the Word was with God, and the Word was God" (JOHN 1:1)

Notice how the Jehovah's Witnesses changed the bible to say that Jesus was "a god" (little g) and not God? They did this so they could deny the deity of Christ, because they do not know Christ.

All these other translations also say the "Word was God," thus affirming the deity of Christ.

ONLY THE TRANSLATION OF THE JEHOVAH'S WITNESSES NWT SAY THAT the Word was a god" THIS DENIES THE DEITY OF CHRIST. Why you ask? Because they are a CULT.

They are of their father the devil and will suffer the wrath and judgment of God for changing His Holy Word. If I were you, I would avoid this cult like the
