I am looking for a room available starting this fall (December 1st at the latest). I am female in my early 20's, currently working for the park service but just got a job for the winter in the rental shop at Jackson Hole. I'm a snowboarder who is clean & easy going, and likes craft beer.... Willing to live in co-ed situation. If you or a friend have open rooms for the fall/winter near Jackson please inquire!
