A kind rescuer found Buster and his siblings in a landfill. She managed to catch 4 of the pups in the litter and they are now on their way to their happily ever after! They are are still searching for 3 more that had been spotted late last week. Hopefully they will be found and can join their siblings soon. These pups are about 7 weeks old and 8 lbs. They are being fostered in Nokesville, VA.

These pups are shy but learning to trust people again. They have some minor skin issues that are being treated and they should be able to go to their forever homes in a few weeks once they are healthy and up to date on shots.

Due to his small size and young age, we recommend that he goes to a home with children that are respectful of his size and age. Because he is a baby, he will require an adopter who is not out of the home for more than 4 hours at one time to continue his training - no exceptions! He is up-to-date on age appropriate vaccines and will need to be altered at the appropriate age per the spay neuter agreement you will be signing at the time of adoption.

Please note that because he is so young, he has only received 2 sets of the required 3 sets puppy vaccinations. This is very IMPORTANT because it means that his immune system will not be fully functioning until about 16 weeks of age. He MUST stay out of public places where he could be exposed to the germs of many other dogs for another 8-10 weeks after he goes home. These no puppy zones include all pet stores, dog parks, and for apartment dwellers, areas used by other dogs. These

requirements are strictly for the puppy's medical safety and longevity.

Philly Paws for the Homeless is a 501(c)(3) not-for-profit organization that operates throughout Northern Virginia, Maryland, and Pennsylvania. Philly Paws for the Homeless is dedicated to the rescue, rehabilitation and adoption of animals in need. We currently have several dogs in need of homes in the Washington, DC area.
