Looking for any type of help. We recently lost our apartment due to having our 2 dogs even though apt website and lease stated they were allowed. The landlord said the website must be out of date. We tried to fight this and keep our place but they were able to get around it by saying they were choosing not to renew our monthly lease. Since our lease was montly they did not even need to give a reason.

Do to this we have literally been left homeless and living out of a motel with our 2 dogs which we love and are not willing to give up. We are good, honest people and hard workers. We are in our late 30s and my boyfriend recently lost his job due to lack of transportation to work. We are looking for someone who has a basement of a home or a room to rent that does not mind dogs. They are wonderful sweet.dogs, no aggression and fully house trained. Its way to expensive to pay daily for a hotel and leaves us next to nothing for saving to get on our feet. We can pay rent and or do tasks around the home. I can clean and my boyfriend has his HVAC certification and also has experience in flooring, landscaping and construction.

Any help would be greatly appreciated wheter it be a room to rent, odd jobs,etc.
Plz email or call/text

Thank you
