1986 Honda Prelude 214K miles, bought this car for my son as a project car, it was hit in the right rear quarter panel and so we decided to buy another car. It has new clutch, timing belt and water pump, radio, speakers, wheels, axles, ball joints, brakes, wheel bearings. Tires in fair condition. Needs a muffler and the passenger door handle is missing. No emissions required on this car due to age. Mechanic owned, 2nd owner. It's a good solid car runs good. Please only call between 5:00 and 10:00 pm. I won't answer phone calls at work. You may text at.
