Hola!!!

Would you like your children speak Spanish this year? I can help you!

I offer all levels of Conversational Spanish for Children.

Your children will learn Basic Spanish and at their own pace.

Children who know some Spanish will start from Intermediate level.

I also offer homework help and tests preparation.

The students improve their Spanish class grades and learn how to speak Spanish quicker than their classmates.

I provide the materials. I'm available weekdays and weekends.

New Children's group now forming. This Summer your children will speak Spanish!!!

Please reply for rates and more information. Look forward to hearing from you. Thank.
