

## PetHouse sitter offering free services in exchange... (SF)

Location

California

<https://www.genclassifieds.com/x-566267-z>

...for housing, for preferably at least 2 weeks. If under two weeks, I can negotiate a reasonable daily rate, depending on the situation and pet(s) involved. I have just returned to the Bay Area and would prefer to have a roof over my head without too much overhead initially. I am a 40 yo, professional woman.

I have sit dogs, cats, bunnies, lizards, you name it! I can provide references of course, although they are dated back a few years as I have not sought any house/pet sits for a while; but, I am quite sure I will remember how to be successful at it again :) I have administered meds and even shots! I am athletic and appreciate spending time in the outdoors with dogs, doing their favorite activities. I also have experience working with some behavioral issues in dogs and successfully rectifying them.

All I require is that your place be clean and quiet with a reliable Internet connection for work. I often work from home so those pets needing someone around a lot, will work well.

I like to start with phone conversations, sharing pictures, references, etc.

Please email me with further inquiries and send all your 'requirements' of the perfect sitter as well...

Thank you and have a beautiful day!
