We are a nice young military couple from the northern US area, but have temporarily landed in your fine city of Fayetteville AR. Unfortunately while we were on our summer vacation in California our vehicle was stolen by a woman and man, we assume they were having a break in good conscience. We have reported it to the proper authorities, but unfortunately no news on the progress in locating it as of yet. The incident took place in the beginning of April 2015 and it has taken us this long about 3months to get to where we are now. It is embarrassing to have to ask for help from the public, as we are a proud and functional couple. But it seems we may have to humble ourselves some and kindly ask your community to please offer a helping hand. I will be researching all avenues including the VA first thing in the AM amongst other resources. We are trying to get to S.C. and its been a long and exhausting trip so far, my wife and I have had a few good Samaritans cross our paths, but we have mainly been backpacking the states so far. So we are humbly asking for any help or assistance that may be available. If it's not possible at this time we surely understand and thank you for taking your time and reading our post. Prayers are much appreciated for a safe rest of our journey. God bless, and thank you.
