

## Mitsubishi Eclipse (3000 USD)

Location **Arkansas** https://www.genclassifieds.com/x-566608-z

I got a 2001 Mitsubishi Eclipse GS for sale. Its got a 5 speed manual transmission with a 4 cylinder motor. Has power windows and locks. Sunroof. Heat and Ac. It runs and drives good and quick. It only has about 120,000 miles. I recently put new spark plugs and wires on it and did an oil change. It starts right up everytime. The transmission shifts flawlessly and the clutch and brakes are good too. It does have some clear coat peeling and there is a crack in the dash, but its a good car. I've got a good clean title. No, not salvaged or rebuilt. And good tires. May be interested in trading it but prefer.
