If you enjoy driving then LYFT is your solution! This Rideshare service is designed to give the highest praise to its drivers. LYFT has far more rewarding benefits to the driver than any other rideshare service, including UBER.

1. Passengers are able to tip you and LYFT will not receive any percentage. There are no tips with UBER.
2. If you work over 30 hours LYFT only takes 15%. For 35 hours it's 10%, and for 40 hours its zero commission. UBER takes 20% of all rides regardless of how many hours you drive.
3. There are social in person gatherings amongst drivers in your local city.
4. There is social online lounges to meet other drivers.
5. The attitude of every passenger is extremely friendly, and the rider always sits in the front. You will never feel like a chauffeur!
6. Receive corporate discounts on your phone bill and top brands such as Ray-Ban.

Most importantly, you are able to work your own hours. There is no minimum of days or hours to work in

a given week. Once you are approved in California, you can drive anywhere in the state. Currently you can earn a \$500 bonus after 30 days of completing your first 100 rides. You will get the bonus on the 31st day. If you are interested, please meet me in person at my house in Westwood or we can meet via telephone. I have no exclusions for the bonus. I will direct you to the Lyft portal. I thank you in advance for reading this posting.
