Hello we are Black Dog Nation a hard rock band based out of Orlando. We are looking for a bassist to complete our 4 piece band. We are currently a vocalist 33, guitarist 31, and drummer 36. Looking for someone close to our age. We have a 6 song EP that is being mixed in the studio as we speak by the guitarist. We plan on releasing it this August and to start rehearsing and playing live soon thereafter. We need someone who is into the music, has pro gear, and can fit in with us. We are a fairly new band and want to take this as far as it can go. I have included a link to soundcloud with the first 2 tracks of the EP as well as our website and facebook page. If interested, you can contact us through facebook or email me at MurrayAD81 @ yahoo.com Send us a recording and a bit about yourself. Thanks!
