Ongoing gig for the right individual or individuals....

Backyard is full of trees, small and large that need to be cleared, leaving some but most would go. Backyard is uneven, slopes etc, and if you know about filling yards to even them out that is a huge plus. This would be an ongoing project as I find cheap/free fill or rubble to use, so i'd love to keep the same person in mind to rehire as needed if work ethic match up well.

Small Fee can be discussed, as well as wood can be yours for the taking to use this winter if you would...
