Hi,

I am planning to have a vacation by myself. I am simply going to get a relatively secluded house and use my time to exercise, write, paint, do yoga, and meditate. Here is where you come in. I may be doing that with "substances" in my body. What I need is someone who going to make sure I am ok.

The pay is \$150 per day and will be either 3 or 4 days, depending on how I set this up.

The week is going to be the first 3rd week in August, about a month from now. I am still finalizing the details.

You should have something going for you other than the fact that you have a few days to spare. Are you a therapist? A fitness instructor? A nurse? A case worker?

Thanks for
