Free Lead Service For Contractors (cincinnati oh)

Location **Kentucky**
https://www.genclassifieds.com/x-566887-z

If your a contractor or have any kind of service to offer then this is for you. It can be hard to gain businesses in a competitive market, and thats where we come in. We give you leads for FREE once you join our program which is also FREE! No activation fee or monthly payments, no contracts, no cancellation fee. The way it works is like this. 1. customer that needs a service will put in a request through our app or website. 2. If that customer is within your chosen service radius then you will get a call from our automated voice service telling you what the customer needs done, and what area their in. 3. If you don't want the job you simply hang up and there is no charge. If you do want the job then you just press 5 and you are immediately connected with that customer free of charge. The only time your card is ever charged the flat rate is when you and the customer have a legitimate business conversation. It's that simple. The fee is between $13-$25 depending on what type of business you do. Let's say we give you 20 leads in a week you only listen to 10 and talk business with 5 people, but only 3 conversations were legitimate...you are then only charged for the 3 people that were legitimate business conversations. If you would like more information then just email me back with your contact information(number and email) and we can talk. Thank You.
