Hello im rehoming my two ferrets cause im moving to a smaller place. I wish that we could keep them. They are great pets. They get along with dogs and cats. They were raise together. They are very playful and love treats. Peanuts are there favorite. Will come runningwhen you shake the can. They come with a huge cage three levels. And a cage for traveling. They have ALOT of toys. two leashes, two water bottles and two hammocks. Come with shampoo. Stuff for there water to help with the smell (which honestly i dont smell it.) and come with a leave on cleaner so you dont have to give them a bath all the time. You will need food and bedding. Im asking for a 200 or best offer for rehoming. There cage and all there stuff is well iver that amount. If you are serious please call me. Just looking for some one to love them. They are great pets....
