Welcome!

Contact us to receive emails about deeply discounted real estate in the Tri-State Area.

Visit Us at www.RelativeRealEstate.com

We are a local real estate investment company. Our company is constantly marketing to home owners who need to sell their property quickly. We do this because our business is flipping houses & we are always looking for the next project. We get a lot of leads on properties that cannot be flipped so they're no good to us. But, I can get them at a deeply discounted price since the seller needs to sell quickly whatever their reason may be. We will purchase a property at a steep discount & resell at a deeply discounted price to someone on our email list.

This is ideal for people who rehab houses, landlords looking for cash flowing rentals, or regular old Joe who just wants a good deal on a house.

If you are in the market for property make sure to take 10 seconds to give us your email. We don't send any spam, only a few emails each month with a great deal on a piece of real estate.

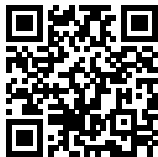

Hope to sell you a house soon!
