Hello. I am looking to babysit a couple of children in my home. I am 27 years old with children of my own. We have a smoke free home. My home is child proofed. I am negotiable on prices. I provide the meals and snacks unless the child needs a certain diet or is allergic to certain things. Price varies based on childs age and hours needed. Feel free to email me as they come right to my phone or you can text me. I look forward to hearing from you.
