Do you have High Cholesterol?

ActivMed Practices & Research are looking for volunteers to participate in a nationwide study on High Cholesterol. If you are 18 years old or older, and are currently taking 40 mg of a high cholesterol medication (statin), you may qualify for this new clinical research study.

Compensation for travel will be provided for those who qualify and participate. All study related office visits, investigational study medication, tests and exams will be provided at no cost to those who qualify and decide to participate.
