Contractor is looking for experienced Commercial & Residential carpenters / re-modelers . Must have own tools & transportation. We do commercial remodels of hospitality and retail businesses, and high end residential homes. Looking for someone who can do finish work for very discerning customers. Must be familiar with all aspects of remodeling (to include a general understanding of the other building trades-plumbing, electrical, HVAC). We are looking for people that have specialties in different aspects to the building trades. Please email resume or list commercial and/or residential background you have done, what part of the trades you are most proficient working on, and the hourly rate you would be available to start.
