

Looking for female models for calendar shoot

Location **Minnesota**
<https://www.genclassifieds.com/x-567274-z>

First round of shooting went awesome, and still need 4 more models. We are doing a classic car bikini/lingerie shoot for a custom car shop. Shoot will take place just outside of Rockford and will last about an hour. No experience necessary. If interested please send me a headshot and 2-3 full length body shots as well as name age and location. This is a time for print shoot meaning you will not be paid for your time, but you will receive the finished digital files of your images along with a copyright release so you can use them for your portfolio. If you have any questions please feel free to ask. I was told by almost every model this was the most relaxed fun shoot they have ever done, so we would like to continue that.
