Auto, AC, CD Sound, MP3, Sunroof, Full Power, AWD This 2007 Fusion is an excellent choice among midsize sedans - it offers a comfortable ride, purposeful looks, capable handling, Ford quality, and good value. Our Fusion is powered by a 3.0 Liter V6 engine with a 6-speed automatic transmission that puts out 221 horsepower! The Fusion's stability is a benefit of its relatively long wheelbase and wide track, longer and wider than the Mazda version. The cabin is comfortable and well designed with controls that are intuitive and easy to operate. Our Fusion has the up-level SE trim package, which adds a sunroof, a multifunction steering wheel, CD changer and many other features that help make this Fusion SE stand out! Check out our pictures and take a look at the long list of features, too! Don't wait another day! Print
