Are you still suffering frequent and severe symptoms?

If so, you or someone you know may be interested in taking part in a clinical research study looking at a potential new treatment (an investigational medication) for adults with PTSD.

All study participants will receive a high standard of care and will be monitored closely throughout the study. Study participation will last for approximately 9 months.

To be able to take part in this study, you must:

• Be 18--65 years of age (inclusive)

• Have been diagnosed with PTSD and still have frequent and severe symptoms

• Have been experiencing PTSD symptoms for at least 3 months.

The event that triggered your symptoms must have occurred within the past 15 years. Transportation provided. Earn up to \$720.

If you are interested in learning more, call now toll-free at 1-877-Segal-88 or visit SegalTrials.
