If you want to have a presence at state fair and are looking to be in front of thousands of passers by at the state fair on machinery hill right next to the Home Depot booth and attract affluent 35+ individuals partner with our CONSERVATIVE radio station, AM1280 The Patriot. Pricing to be at the state fair with a ton of commercials promoting your business and a day full of name mentions and state fair presence starts at, wouldn't you know it, \$1280 (yes we think we are clever).

Call or email me to see if this option makes sense for getting your business out there!

Blessings and best regards!
