Hi, I'm looking for a fit, attractive girl to pair up with to do webcam shows together on chaturbate. I've done some solo work on chaturbate before and am now looking for a female because couples shows are simply much more profitable. The work is fun, flexible, and very profitable with the right pair. A good, fit body is very important (i.e. do you look good naked) but also is an outgoing personality that enjoys engaging and entertaining an audience through a webcam. I'm an athletic white male, professional that does webcams on the side for extra money. I'm easy-going and appreciate the same in others. As for female partners there really isn't a particular look that I'm seeking out, just have a great, energetic personality, HWP is a must, fit/athletic body type preferred. If interested, please send a description of yourself (more than "hey, I'm interested" please.) and a couple clear pics. I will get back to you (it may take a day or two, depending on how busy I am). Thanks and I look forward to seeing what craigslist has.
