

8 Month Old Morkie Needs Good Home (Triad Area)

Location **North Carolina**
<https://www.genclassifieds.com/x-567863-z>

We have an 8 Month old Morkie (Maltese & Yorkie Mix) for sale. We are moving & the new place doesn't accept pets unfortunately.

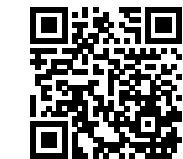

He has been trained to use the potty on the training pads indoors. He's typically a "house dog" but occasionally we do take him outdoors. All shots and vaccines are up-to-date. He is due for his next shot at 1 year (November 2015). He is cage trained mainly for sleeping during the night. He eats dry food and LOVES water!

He loves kids & is extremely friendly! We are asking a rehoming fee. We want to know he's going to a good home with good people that will be able to fully take care of him. Fee is firm due to breed but can be negotiated depending on situation. Please be willing to meet in the Raleigh/Durham area!

For more information on rehoming fee & terms, please feel free to contact me anytime via!
